Eccg.csv

Description:

Clinical Commissioning Groups (CCG)

Contains:

Eccg.csv contains parent CCGs. This data is for current organisations, plus data for organisations that have closed in the current or previous financial year. CCGs exist only in England.

How Maintained:

CCGs are statutory organisations. As such, any establishment, dissolution or changes to the name of CCGs are published in a Statutory Instrument, which is released on to the Government website of the Office for Public Sector Information. The ODS check this website daily and implement any changes required.

Information on CCG Sites and other minor changes to the parent organisations are relayed to ODS via the organisations in question. This is facilitated by an established ODS contact based within the organisation. No changes to the records associated to an organisation can be carried out without the express permission of the contact for that organisation.

Code Formats:

Organisation Type	Character Positions			Notes / Comments
	1	2	3	
Clinical Commissioning Groups	0-9	0-9	A-Y	

File Format:

The Eccg.csv file follows the standard 27 field format.

Column	Field Content	Size	Mandatory	Notes
1	Organisation Code	3	Yes
